JELLY GOOD

"I'm hooked on Astalift face jelly [below right]. I've given it to a few of my friends to try and they're all calling me for more. I'm also loving their Regenerating Night Cream [£48; 0333 010 0200]. I'm not a spring chicken any more. I need something quite scientific that's actually doing something."

Eye Shadow in Grace, £13, Stila (0800 123 400)

FACE TIME

"I have combination skin and there are times when it looks good and times it doesn't. I do a deep cleanse and an exfoliation every now and then. Liev [Schreiber, Naomi's husband] got sent a Clarisonic brush [£179; clarisonic.co.uk]. I gave it a go and I now love using it, but not that often, because my skin is sensitive. I do love a good facial, if I can find time. In London, I see Sarah Chapman. There's something about my face being touched... I go into a coma; it's so relaxing."

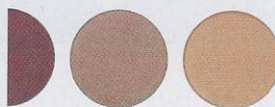

"I've always been a five-minute make-up girl - I should probably work harder now that I'm older"

KEEPING FIT

"I love to exercise and I like to run wherever I am. Since I'm in London right now [filming *Diana*], I'm having a great time running in Hyde Park. I try to go three times a week. I also do Pilates a couple times a week."

OIL WELL

"I travel a lot and find carrying big perfume bottles with me is a bore. I take little essential oils instead. I particularly love one called, funnily enough, Kai [also her son's name; £41; beautyworkswest.com]."
