EXPERTS' CHOICE: THE BEST LUXE SUMMER BEAUTY PRODUCTS

Wondering which beauty products to splurge on this summer? *BAZAAR* turned to the experts at online fashion retailer Net-a-Porter, which recently introduced beauty, New York (and beyond) institution Barneys and makeup and skincare mecca Sephora for their top picks for the season. Click through for the swoon-worthy, possibly life changing edit. **Additional reporting by Kerry Pieri.**

Alison Loehmis' Picks

"I am evangelical about Sarah Chapman. She's a British facialist who launched her own line, and it's one of my absolute favorite brands. Her products contain plenty of essential oils to calm the skin, and this formula is a mix of oil and water, which emulsifies to gently remove all debris from your skin."
