HIGH PERFORMANCE LUXURY SKINCARE

PRODUCT OVERVIEW

Famous for her bespoke Skinesis® facial, Sarah Chapman's line, Skinesis® is the ultimate combination of science, nature and luxury. Since launching in 2008, the high-performance, paraben-free anti-aging range uses optimum concentrations to ensure maximum results.

The Products

Ultimate Cleanse, £40 (100 ml)

For all skin types.

Fragranced with a unique refreshing essential-oil blend of camphor, neroli, chamomile, jasmine and rose, this intelligent aromatic infusion melts into pores, lifts out impurities and removes eye make-up, transforming into a milk for swift removal leaving clean, glowing skin.

Omega-rich baobab and borage oils blend with a powerful dose of antioxidant vitamins A and E, Dermaxyl peptide and precious white lily. This potent combination deeply cleans, softens, brightens and gently exfoliates to help prevent pore clogging.

To use: Massage all over using fingertips and knuckles, add water to emulsify and rinse off. For best results incorporate Skinesis® cleansing massage or Facialift massager.

High-performance actives include:

Vitamin A, Vitamin E, Dermaxyl Oligopeptide, White Lily, Coenzyme Q10, Borage Oil, Baobab Oil, Melon Oil, Rosehip, Jojoba Oil, Abyssinian Oil, Meadowfoam Seed Oil.

Age Repair Serum, £47 (30ml)

For sensitive skin or as the skin's first high-potency product.

Fragranced with a subtle hint of jasmine, hyacinth & rose essential oils

Age Repair Serum combats aging skin by combining the best in high-performance ingredients and skin vitamins in a potent serum.

This powerful multi-level silky serum perfects, brightens and firms leaving an immediate glow. Ultra-potent vitamins, antioxidants and revolutionary peptides help protect against environmental damage and dramatically improve the feel and appearance of the skin; ageing, pigmentation and dark circles.

To use: Smooth over clean skin day and night sweeping upwards all over face, chest and around the back of the neck.

High-performance actives include:

Vitamin A, Syn[®]-Coll Tripeptide, DMAE, Syn[®]-Ake Dipeptide, Matrixyl™ Pentapeptide, VCIP Vitamin C, Hyaluronic Acid, Coenzyme Q10, Idebenone, Synovea™-HR, Pentavitin[®], Alpha Lipoic Acid, L-Carnosine, Vitamin E, Jasmine, Lily, Mushroom, Phospholipids, Aloe Leaf Juice.

Age Repair Concentrate, £80 (30ml)

For skin showing signs of aging and UV damage and for those already using cosmeceutical high potency skincare.

This concentrated serum, fragranced with a subtle hint of jasmine, hyacinth and rose essential oils is a unique formula that helps improve the look of the skin, reduce the appearance of uneven dark pigmentation and visible lines. Signs of dehydration and moisture loss are targeted resulting in an immediate glow.

The powerful serum contains double the strength of many actives found in the Age-Repair Serum and additional technologically and advanced performance ingredients to address skin damage such as Line Factor, Renovage and Unirepair T43.

Facialift, £25

Sarah Chapman's Facialift is an innovative massage tool that mimics the unique movements of the Sarah Chapman Skinesis® signature facial, achieving the results of her work in the clinic at home.

Renowned for her signature facial, Sarah Chapman's precision massage technique incorporates a carefully honed series of movements to bring oxygen and nutrients to the skin and impart a fantastic, rosy glow within minutes. Sarah has always taught her clients individual techniques to help benefit

their skin at home. These highly effective bespoke techniques have now been taken to the next level with her exciting new tool, The Facialift.

The Facialift incorporates eight massage heads with 48 nodules that, when gently pulled across the face, reshape, refine and tone the skin. Imitating swift movements of fingertips and knuckles, the Facialift drains toxins, reduces puffiness and boosts blood circulation to bring nutrients and oxygen to the skin. Tension is released from the jaw and lymphatic drainage is improved, delivering a dramatically lifting and firming effect. The handle, with its flat rounded end, can be used to gently tap and pat the contour of the eye along the brow bone, to gently de-puff and circulate oxygen for a smooth complexion.

Perfect to use regularly in conjunction with a regular cleansing routine or with Sarah Chapman Skinesis® signature products, The Facialift helps to achieve healthy, well-functioning skin at a cellular level, bringing long term benefits to world-weary skin.
